SUBJECT INDEX

A

Acetic acid
Management of heel pain syndrome with acetic acid iontophoresis [Japour et al], 5:251; (letter) [Plotkin], 10:543

Achilles tendon
An update on repair of Achilles tendon rupture: acute and delayed [Kuwada], 6:302

Akin osteotomy
Akin osteotomy with horizontal interossecus wire-loop fixation [Schlefman], 4:194

Ammonium lactate
Ammonium lactate 12% lotion *versus* a liposome-based moisturizing lotion for plantar xerosis: a double-blind comparison study [Uy et al], 10:502

Amputation
Effect of podiatric medical care on rates of lower-extremity amputation in a Medicare population [Sowell et al], 6:312
Limb salvage with Chopart's amputation and tendon balancing [Reyzelman et al], 2:100

Anchor
Use of the ROC anchor in foot and ankle surgery: a retrospective study [Kuwada], 5:247

Angioleiomyoma
Cutaneous angioleiomyoma [Pastore and Ianiro], 3:145

Animals
Treatment of stingray injury with topical becaplermin gel [Baldinger], 10:531

Ankle
Effect of ankle dorsiflexion range of motion on rearfoot motion during walking [Cornwall and McPoil], 6:272

Anthropology
Evolution of the rearfoot: a model of adaptation with evidence from the fossil record [Kidd], 1:2

APMA Announcements and Reports
Council on Podiatric Medical Education, 79th annual report, 1998, 3:155
87th Annual Meeting, 80th Annual Sessions, House of Delegates, 11/12:572

Arch
Serial measurement of calcaneal pitch during midstance [Wearing et al], 4:188

Artery
Arterial embolus of the lower extremity: an atypical presentation [Hodor and Ng], 7:373

Arthritis
Enthesitis, arthritis, and heel pain [Lehman], 1:18

B

Back pain
Chronic low-back pain and its response to custom-made foot orthoses [Dananberg and Guiliano], 3:109

Becaplermin
Treatment of stingray injury with topical becaplermin gel [Baldinger], 10:531

Benzalkonium chloride
Efficacy of a surfactant, allantoin, and benzalkonium chloride solution for onychomycosis: preliminary results of treatment with periodic debridement [Wadhams et al], 3:124

Biomechanics
Antipronation taping and temporary orthoses: effects on tibial rotation position after exercise [Hadley et al], 3:118
Biomechanics as a basis for management of intra-articular fractures of the calcaneus [Lewis], 5:234
Center of pressure and its theoretical relationship to foot pathology [Fuller], 6:278
Effect of ankle dorsiflexion range of motion on rearfoot motion during walking [Cornwall and McPoil], 6:272
The effect of hallux valgus correction on chronic plantar ulceration: a case report [Bryant et al], 7:358
The effect of pregnancy on footprint parameters: a prospective investigation [Bird et al], 8:405
Reevaluation of the relaxed calcaneal stance position: reliability and normal values in children and adults [Sobel et al], 5:258
Serial measurement of calcaneal pitch during midstance [Wearing et al], 4:188
Teaching clinical biomechanics in the context of uncertainty [Payne and Bird], 10:525
Three-dimensional movement of the foot during the stance phase of walking [Cornwall and McPoil], 2:56
Variability of plantar pressure data: a comparison of the two-step and midgait methods [McPoil et al], 10:495

Bone
Atypical heel pain: hyperparathyroidism-induced stress fracture of the calcaneus [Fishco and Stiles], 8:413
Avascular necrosis of the first metatarsal head: a different perspective [Banks], 9:441
Biomechanics as a basis for management of intra-articular fractures of the calcaneus [Lewis], 5:234
The calcaneal angle in Nigerians: relationship to sex, age, and side of the body [Didia and Dimkpa], 9:472
Clarifying proximal diaphyseal fifth metatarsal fractures: the acute fracture *versus* the stress fracture [Landorf], 8:398
The effect of hallux abducto valgus surgery on the sesamoid apparatus position [Judge et al], 11/12:551
Hydroxyapatite as a bone substitute [Mahan and Carey], 8:392
Os subfibulare: investigation of an accessory bone [Champagne et al], 10:520

Bulla
Bullae formation secondary to carbon monoxide poisoning [Johnson and Ruelle], 3:152

Bunion
Akin osteotomy with horizontal wire-loop fixation [Schlefman], 4:194
The effect of hallux abducto valgus surgery on the sesamoid apparatus position [Judge et al], 11/12:551
The effect of hallux valgus correction on chronic plantar ulceration: a case report [Bryant et al], 7:358
Tricorrectional bunionectomy for hallux abducto valgus: a comprehensive outcome study [Selner et al], 4:174

C

Calcaneus
Atypical heel pain: hyperparathyroidism-induced stress fracture of the calcaneus [Fishco and Stiles], 8:413
Biomechanics as a basis for management of intra-articular fractures of the calcaneus [Lewis], 5:234
The calcaneal angle in Nigerians: relationship to sex, age, and side of the body [Didia and Dimkpa], 9:472
Calcaneal gait: etiology and clinical presentation [Sobel and Glockenberg], 1:39
Reevaluation of the relaxed calcaneal stance position: reliability and normal values in children and adults [Sobel et al], 5:258
Serial measurement of calcaneal pitch during midstance [Wearing et al], 4:188

Callus
Ammonium lactate 12% lotion *versus* a liposome-based moisturizing lotion for plantar xerosis: a double-blind comparison study [Uy et al], 10:502
Effect of scalpel debridement on the pain associated with plantar hyperkeratosis [Redmond et al], 10:515

Camera, digital
Use of a computerized digital camera in podiatric medical practice [Stacpoole-Shea and Shea], 3:131

Carbon monoxide
Bullae formation secondary to carbon monoxide poisoning [Johnson and Ruelle], 3:152

Carcinoma
Subungual squamous cell carcinoma mistaken for a verruca [Robinette et al], 8:435

Cast
Total contact casts and removable cast walkers: mitigation of plantar heel pressure [Armstrong and Stacpoole-Shea], 1:50

Center of pressure
Center of pressure and its theoretical relationship to foot pathology [Fuller], 6:278

Children
Dermatofibrosarcoma protuberans: a rare case involving the pediatric foot [Cione et al], 8:419
Heel pain in children: diagnosis and treatment [Kim et al], 2:67
Planovalgus foot deformity: current status [Staheli], 2:94
Planovalgus foot deformity revisited (letter) [Phillips], 5:265
Planovalgus foot deformity revisited (letter) [Root], 5:268

Chopart's amputation
Limb salvage with Chopart's amputation and tendon balancing [Reyzelman et al], 2:100

Computed tomography
Imaging of the rearfoot [Yozsa et al], 6:292

Coral
Contact coral dermatitis affecting the ankle [Dalton et al], 3:143

Cyst
Ganglions of the foot and ankle: a retrospective analysis of 63 procedures [Pontious et al], 4:163

D

Debridement
Effect of scalpel debridement on the pain associated with plantar hyperkeratosis [Redmond et al], 10:515

Deformity
Planovalgus foot deformity: current status [Staheli], 2:94
Planovalgus foot deformity revisited (letter) [Phillips], 5:265
Planovalgus foot deformity revisited (letter) [Root], 5:268
Problems and management of the rearfoot in neuromuscular disease: a report of ten cases [Sobel and Giorgini], 1:24

Dermatitis
Contact coral dermatitis affecting the ankle [Dalton et al], 3:143

Dermatofibrosarcoma protuberans
Dermatofibrosarcoma protuberans: a rare case involving the pediatric foot [Cione et al], 8:419

Diabetes mellitus
Consensus Development Conference on Diabetic Foot Wound Care: 7–8 April 1999, Boston, Massachusetts [American Diabetes Association], 9:475

Free tissue transfer in the treatment of diabetic foot ulcers [Archer et al], 6:325
The increased prevalence of severe necrotizing infections caused by non–group A streptococci [Reyzelman et al], 9:454
Limb salvage with Chopart's amputation and tendon balancing [Reyzelman et al], 2:100
Phenol and alcohol chemical matrixectomy in diabetic *versus* nondiabetic patients: a retrospective study [Felton and Weaver], 8:410
The safety of itraconazole in the diabetic population [Albreski and Gross], 7:339
The use of low-dose trazodone in the treatment of painful diabetic neuropathy [Wilson], 9:468

Disseminated intravascular coagulation
Lower-extremity gangrene secondary to disseminated intravascular coagulation [Cafengiu et al], 6:323

E

Education
A proposed managed-care curriculum for podiatric residencies [Chinn], 4:199
Integrating strategies for podiatric public health, clinical services, and education [Helfand], 8:427
Teaching clinical biomechanics in the context of uncertainty [Payne and Bird], 10:525

Elderly
Foot problems, functional impairment, and falls in older people [Menz and Lord], 9:458
Footwear and postural stability in older people [Menz and Lord], 7:346
Household-shoe wearing and purchasing habits: a survey of people aged 65 years and older [Munro and Steele], 10:506

Embolus
Arterial embolus of the lower extremity: an atypical presentation [Hodor and Ng], 7:373

Emollient
Ammonium lactate 12% lotion *versus* a liposome-based moisturizing lotion for plantar xerosis: a double-blind comparison study [Uy et al], 10:502

Enthesitis
Enthesitis, arthritis, and heel pain [Lehman], 1:18

Evolution
Evolution of the rearfoot: a model of adaptation with evidence from the fossil record [Kidd], 1:2

Extensor hallucis brevis
Hypertrophy of the extensor hallucis brevis [Evans and Biever], 9:485

F

Falls
Foot problems, functional impairment, and falls in older people [Menz and Lord], 9:458
Footwear and postural stability in older people [Menz and Lord], 7:346

Fasciitis, necrotizing
The increased prevalence of severe necrotizing infections caused by non–group A streptococci [Reyzelman et al], 9:454

Fasciitis, plantar
Atypical heel pain: hyperparathyroidism-induced stress fracture of the calcaneus [Fishco and Stiles], 8:413
Long-term follow-up of heel spur surgery: a 10-year retrospective study [Vohra et al], 2:81
The plantar transverse incisional approach for heel spur syndrome: a retrospective study [Thornton and Ruelle], 11/12:560
Retrospective review of endoscopic plantar fasciotomy: 1994 through 1997 [Stone and McClure], 2:89

Filter, compensation
Evaluation of compensation filters in pedal radiographs [Jennings et al], 4:169

Fissure
Superglue for the treatment of heel fissures [Hashimoto], 8:434

Flatfoot
Planovalgus foot deformity: current status [Staheli], 2:94
Planovalgus foot deformity revisited (letter) [Phillips], 5:265
Planovalgus foot deformity revisited (letter) [Root], 5:268

Footwear
Footwear and postural stability in older people [Menz and Lord], 7:346
Household-shoe wearing and purchasing habits: a survey of people aged 65 years and older [Munro and Steele], 10:506

Fracture
Atypical heel pain: hyperparathyroidism-induced stress fracture of the calcaneus [Fishco and Stiles], 8:413
Biomechanics as a basis for management of intra-articular fractures of the calcaneus [Lewis], 5:234
Clarifying proximal diaphyseal fifth metatarsal fractures: the acute fracture *versus* the stress fracture [Landorf], 8:398

G

Gait
Calcaneal gait: etiology and clinical presentation [Sobel and Glockenberg], 1:39
Chronic low-back pain and its response to custom-made foot orthoses [Dananberg and Guiliano], 3:109
Effect of ankle dorsiflexion range of motion on rearfoot motion during walking [Cornwall and McPoil], 6:272
The effect of pregnancy on footprint parameters: a prospective investigation [Bird et al], 8:405
Serial measurement of calcaneal pitch during midstance [Wearing et al], 4:188
Three-dimensional movement of the foot during the stance phase of walking [Cornwall and McPoil], 2:56
Variability of plantar pressure data: a comparison of the two-step and midgait methods [McPoil et al], 10:495

Ganglion
Ganglions of the foot and ankle: a retrospective analysis of 63 procedures [Pontious et al], 4:163

Gangrene
Lower-extremity gangrene secondary to disseminated intravascular coagulation [Cafengiu et al], 6:323

Geriatric population
Foot problems, functional impairment, and falls in older people [Menz and Lord], 9:458
Footwear and postural stability in older people [Menz and Lord], 7:346
Household-shoe wearing and purchasing habits: a survey of people aged 65 years and older [Munro and Steele], 10:506

Gout
Pasteurella multocida and gout in the first metatarsophalangeal joint [Shapero and Fox], 6:318

Grafting
Free tissue transfer in the treatment of diabetic foot ulcers [Archer et al], 6:325
Hydroxyapatite as a bone substitute [Mahan and Carey], 8:392

Guidelines, authors'
Guidelines for Authors, 2:104, 4:214, 7:377, 10:545

H

Hallux abducto valgus
Akin osteotomy with horizontal interosseous wire-loop fixation [Schlefman], 4:194
Avascular necrosis of the first metatarsal head: a different perspective [Banks], 9:441
The effect of hallux abducto valgus surgery on the sesamoid apparatus position [Judge et al], 11/12:551
The effect of hallux valgus correction on chronic plantar ulceration: a case report [Bryant et al], 7:358
Tricorrectional bunionectomy for hallux abducto valgus: a comprehensive outcome study [Selner et al], 4:174

Heel fissures
Superglue for the treatment of heel fissures [Hashimoto], 8:434

Heel height
The effects of increasing heel height on forefoot peak pressure [Mandato and Nester], 2:75

Heel pain
Atypical heel pain: hyperparathyroidism-induced stress fracture of the calcaneus [Fishco and Stiles], 8:413
Enthesitis, arthritis, and heel pain [Lehman], 1:18
Heel pain in children: diagnosis and treatment [Kim et al], 2:67
Infectious causes of heel pain [Kosinski and Lilja], 1:20
Long-term follow-up of heel spur surgery: a 10-year retrospective study [Vohra et al], 2:81
Magnetic resonance imaging evaluation of heel pain [Karr], 7:364
Management of heel pain syndrome with acetic acid iontophoresis [Japour et al], 5:251; (letter) [Plotkin], 10:543
The plantar transverse incisional approach for heel spur syndrome: a retrospective study [Thornton and Ruelle], 11/12:560
Retrospective review of endoscopic plantar fasciotomy: 1994 through 1997 [Stone and McClure], 2:89

Heel spur
Long-term follow-up of heel spur surgery: a 10-year retrospective study [Vohra et al], 2:81
The plantar transverse incisional approach for heel spur syndrome: a retrospective study [Thornton and Ruelle], 11/12:560

Hydroxyapatite
Hydroxyapatite as a bone substitute [Mahan and Carey], 8:392

Hyperkeratosis
Ammonium lactate 12% lotion *versus* a liposome-based moisturizing lotion for plantar xerosis: a double-blind comparison study [Uy et al], 10:502
Effect of scalpel debridement on the pain associated with plantar hyperkeratosis [Redmond et al], 10:515

Hyperparathyroidism
Atypical heel pain: hyperparathyroidism-induced stress fracture of the calcaneus [Fishco and Stiles], 8:413

The use of ultrasound in the foot and ankle [Rockett], 7:331

Infection
The increased prevalence of severe necrotizing infections caused by non–group A streptococci [Reyzelman et al], 9:454
Infectious causes of heel pain [Kosinski and Lilja], 1:20
Pasteurella multocida and gout in the first metatarsophalangeal joint [Shapero and Fox], 6:318
The reappearance of polio: postpolio syndrome [Tillett and Mozena], 4:183

Inflammation
Pyoderma gangrenosum affecting the foot: a case report [Archer et al], 3:141
Pyoderma gangrenosum involving the foot: a case report [Kashefsky et al], 3:137

Injury
An update on repair of Achilles tendon rupture: acute and delayed [Kuwada], 6:302
Anterior tibial tendon rupture: an atypical presentation [Burks and Lundeen], 9:484
Antipronation taping and temporary orthoses: effects on tibial rotation position after exercise [Hadley et al], 3:118
Clinical diagnosis of posterior tibial tendon rupture [Adelstein et al], 8:433
The long-term effects of an untreated tibialis anterior tendon rupture [Cohen and Gordon], 3:149
Treatment of stingray injury with topical becaplermin gel [Baldinger], 10:531

Iontophoresis
Management of heel pain syndrome with acetic acid iontophoresis [Japour et al], 5:251; (letter) [Plotkin], 10:543

Itraconazole
The safety of itraconazole in the diabetic population [Albreski and Gross], 7:339

President's Message
Acceptance address, 9:489
Accountability, 2:107
Highlights of a successful year, 8:438
The keys to a successful practice, 10:548
Public health and podiatric medicine: a natural union, 4:218
Together for tomorrow: building our ranks, 5:270
Together for tomorrow: manpower issues, 3:161
Together for tomorrow: political action, 1:54
Together for tomorrow: strategic planning, 6:329
Together for tomorrow: the next generation, 7:380
Nondues income: a key to the profession's continuing progress, 11/12:591

Pressure
Center of pressure and its theoretical relationship to foot pathology [Fuller], 6:278
The effects of increasing heel height on forefoot peak pressure [Mandato and Nester], 2:75
Total contact casts and removable cast walkers: mitigation of plantar heel pressure [Armstrong and Stacpoole-Shea], 1:50
Variability of plantar pressure data: a comparison of the two-step and midgait methods [McPoil et al], 10:495

Public health
Integrating strategies for podiatric public health, clinical services, and education [Helfand], 8:427

Purpura fulminans
Lower-extremity gangrene secondary to disseminated intravascular coagulation [Cafengiu et al], 6:323

Pyoderma gangrenosum
Pyoderma gangrenosum affecting the foot: a case report [Archer et al], 3:141
Pyoderma gangrenosum involving the foot: a case report [Kashefsky et al], 3:137

R

Radiography
Evaluation of compensation filters in pedal radiographs [Jennings et al], 4:169
Imaging of the rearfoot [Yozsa et al], 6:292

Rearfoot
Atypical heel pain: hyperparathyroidism-induced stress fracture of the calcaneus [Fishco and Stiles], 8:413
Biomechanics as a basis for management of intra-articular fractures of the calcaneus [Lewis], 5:234
The calcaneal angle in Nigerians: relationship to sex, age, and side of the body [Didia and Dimkpa], 9:472
Calcaneal gait: etiology and clinical presentation [Sobel and Glockenberg], 1:39
Effect of ankle dorsiflexion range of motion on rearfoot motion during walking [Cornwall and McPoil], 6:272
The effects of increasing heel height on forefoot peak pressure [Mandato and Nester], 2:75
Enthesitis, arthritis, and heel pain [Lehman], 1:18
Evolution of the rearfoot: a model of adaptation with evidence from the fossil record [Kidd], 1:2
Heel pain in children: diagnosis and treatment [Kim et al], 2:67
Imaging of the rearfoot [Yozsa et al], 6:292
Infectious causes of heel pain [Kosinski and Lilja], 1:20
Long-term follow-up of heel spur surgery: a 10-year retrospective study [Vohra et al], 2:81
Magnetic resonance imaging evaluation of heel pain [Karr], 7:364
Management of heel pain syndrome with acetic acid iontophoresis [Japour et al], 5:251; (letter) [Plotkin], 10:543
Orthoses in the treatment of rearfoot problems [Sobel et al], 5:220
Problems and management of the rearfoot in neuromuscular disease: a report of ten cases [Sobel and Giorgini], 1:24
Reevaluation of the relaxed calcaneal stance position: reliability and normal values in children and adults [Sobel et al], 5:258
Retrospective review of endoscopic plantar fasciotomy: 1994 through 1997 [Stone and McClure], 2:89
Serial measurement of calcaneal pitch during midstance [Wearing et al], 4:188
Superglue for the treatment of heel fissures [Hashimoto], 8:434
Total contact casts and removable cast walkers: mitigation of plantar heel pressure [Armstrong and Stacpoole-Shea], 1:50

Residency, podiatric
A proposed managed-care curriculum for podiatric residencies [Chinn], 4:199

S

Sensation
A model to assess age-related changes in two-point discrimination of plantar skin [Lynch and Mooney], 8:383

Sesamoid
The effect of hallux abducto valgus surgery on the sesamoid apparatus position [Judge et al], 11/12:551

Shoes
Footwear and postural stability in older people [Menz and Lord], 7:346
Household-shoe wearing and purchasing habits: a survey of people aged 65 years and older [Munro and Steele], 10:506

Skin
A model to assess age-related changes in two-point discrimination of plantar skin [Lynch and Mooney], 8:383
Ammonium lactate 12% lotion *versus* a liposome-based moisturizing lotion for plantar xerosis: a double-blind comparison study [Uy et al], 10:502
Contact coral dermatitis affecting the ankle [Dalton et al], 3:143
Dermatofibrosarcoma protuberans: a rare case involving the pediatric foot [Cione et al], 8:419
Effect of scalpel debridement on the pain associated with plantar hyperkeratosis [Redmond et al], 10:515
Pyoderma gangrenosum affecting the foot: a case report [Archer et al], 3:141
Pyoderma gangrenosum involving the foot: a case report [Kashefsky et al], 3:137
Subungual malignant melanoma mimicking a squamous cell carcinoma [Robinette et al], 10:540
Superglue for the treatment of heel fissures [Hashimoto], 8:434

Spine
Enthesitis, arthritis, and heel pain [Lehman], 1:18

Spondyloarthropathy
Enthesitis, arthritis, and heel pain [Lehman], 1:18

Streptococcus
The increased prevalence of severe necrotizing infections caused by non–group A streptococci [Reyzelman et al], 9:454

Subtalar joint
Center of pressure and its theoretical relationship to foot pathology [Fuller], 6:278

Surgery
Akin osteotomy with horizontal interosseous wire-loop fixation [Schlefman], 4:194
An update on repair of Achilles tendon rupture: acute and delayed [Kuwada], 6:302
Avascular necrosis of the first metatarsal head: a different perspective [Banks], 9:441
The effect of hallux abducto valgus surgery on the sesamoid apparatus position [Judge et al], 11/12:551
The effect of hallux valgus correction on chronic plantar ulceration: a case report [Bryant et al], 7:358
Effect of podiatric medical care on rates of lower-extremity amputation in a Medicare population [Sowell et al], 6:312
Free tissue transfer in the treatment of diabetic foot ulcers [Archer et al], 6:325
Limb salvage with Chopart's amputation and tendon balancing [Reyzelman et al], 2:100
Long-term follow-up of heel spur surgery: a 10-year retrospective study [Vohra et al], 2:81
Phenol and alcohol chemical matrixectomy in diabetic *versus* nondiabetic patients: a retrospective study [Felton and Weaver], 8:410
The plantar transverse incisional approach for heel spur syndrome: a retrospective study [Thornton and Ruelle], 11/12:560
Retrospective review of endoscopic plantar fasciotomy: 1994 through 1997 [Stone and McClure], 2:89
Tricorrectional bunionectomy for hallux abducto valgus: a comprehensive outcome study [Selner et al], 4:174
Use of the ROC anchor in foot and ankle surgery: a retrospective study [Kuwada], 5:247

T

Taping
Antipronation taping and temporary orthoses: effects on tibial rotation position after exercise [Hadley et al], 3:118

Tendon
An update on repair of Achilles tendon rupture: acute and delayed [Kuwada], 6:302
Anterior tibial tendon rupture: an atypical presentation [Burks and Lundeen], 9:484
Clinical diagnosis of posterior tibial tendon rupture [Adelstein et al], 8:433
